Forecast for Friday 08 Oct 2021

Weather: A rather cloudy night and start to Friday with the chance of some patchy light rain or drizzle, mainly confined across western peaks such as Snowdon. Cloud lifting and breaking from the south through the morning with all staying dry with sunny spells for the afternoon. Remaining dry and clear for the evening.

Chance of cloud free mountain/hill tops above 800m: 35% becoming 90% from late morning.

Visibility: Good or very good, becoming moderate or poor in any early rain and drizzle, also very poor in hill fog with bases initially from 600m in west broken to extensive and in east scattered, before lifting and breaking through the morning.
